ACTION uses appropriate software to protect the content of the activities carried out under I-SERWIS against unauthorized access (including prevention of acquisition and modification of personal data processed in I-SERWIS). The Parties are obliged to notify each other of any suspected breach of data transmission security rules by electronic means within 72 hours.

Users are obliged not to make available and apply appropriate measures to prevent minors from accessing the Goods and content intended for adults.

Refusal to accept the offer or expiry of the term specified in paragraph 2 above indicate that the contract will not be executed. Acceptance of an offer by ACTION may be dependent on accepting payment conditions, and in the case deferred payment term it may also depend on submitting required documents and legal securities for liabilities entered into by the User, in accordance with Section 10.

4. Orders for goods can be made:

a) via the "I'm buying independently" option – accepted order is then automatically transferred to realize without the participation of ACTION's Trader.

9. ACTION takes care to ensure that information relating to the Goods and Services in the I-SERWIS, including price lists, photos, descriptions were fully in line with reality; however, the size of the presented products as well as system and human errors may lead to discrepancies in this respect. For this reason and the fact that the Counterparties are professionals in the field of Goods or Services presented in I-SERWIS and are knowledgeable about the characteristics of Goods or Services and their market value, the Parties assume that the above discrepancies and errors will be easily noticed by Counterparty. Therefore, ACTION reserves the right to invoke a mistake in terms of elements of the content of concluded contracts if the Counterparty does not notify ACTION about noticed irregularities in the features of the Goods or Services, as well as the right to rectify erroneous information in I-SERWIS at any time and to correct any documentation relating to a given transaction at the same time.

The Counterparty also may terminate the contract concluded in accordance with Section 5 paragraph 9 of the Terms and Conditions without keeping the above-mentioned 30-days' notice in the event of a change to the Terms and Conditions, if a declaration of termination is made within the time limit specified in Section 7 paragraph 2 of the Terms and Conditions.

11. ACTION has the right to terminate agreements without notice pursuant to Section 5 paragraph 9 of the Terms and Conditions in the event of a breach by the Counterparty of the following provisions of the Terms and Conditions: Section 1 paragraph 3, Section 4 paragraph 1, Section 4 paragraph 5 (in the case of sale or transfer by the User the access to the Main Account or Sub-accounts, or failure to notify ACTION in due time about the loss of the Password), Section 5 par. 1 and 2 (in the case of User's non-compliance with registration requirements at I-SERWIS), Section 5 paragraph 12 (in the event of a breach of regulations or sanction clauses, including the fact that the declarations submitted are no longer valid), Section 8, Section 10 paragraph 4.

12. Either party may also terminate an agreement concluded in accordance with Section 5 paragraph 9 of the Terms and Conditions without notice period in the case of infringement of provisions of the Terms and Conditions other than those listed in paragraph 11 above, if the other Party does not remove the identified violations within the prescribed period of not less than 7 days, unless the type of violation and the Party's interest requires the removal of violations within a shorter period. The Counterparty will be informed by ACTION about the violations and the deadline for their removal via the Email address indicated in the Registration Form.

13. The provisions of paragraphs 10-12 have the appropriate application for individual contracts concluded in the I-SERWIS system, are continuous (in particular for the provision of Services) if they are not fixed-term contracts and their content does not provide otherwise. Termination of a contract concluded in accordance with Section 5 paragraph 9 of the Terms and Conditions also results in the termination of individual continuous contracts concluded in I-SERWIS. In the cases indicated in paragraph 11 above ACTION is entitled to block the Counterparty's access to the I-SERWIS at the moment of the decision to terminate the contract, about which he will notify the Counterparty via Email address. ACTION is not liable for any damage incurred by the Counterparty as a result of blocking his access to the I-SERWIS in the discussed mode.

15. Any contract may be terminated by mutual agreement of the Parties.

16. Termination of contracts requires a declaration of will in electronic form sent via Email, unless their content requires otherwise. Termination does not relieve the Parties from the obligation to fulfil all liabilities arising up to the date of termination of such agreements or later, if such liabilities result from concluded contracts. Termination does not affect the validity of the obligations set out in Section 1 paragraph 3 and Section 8 of the Terms and Conditions.

17. In case the Parties have combined cooperation agreements within the scope of the Terms and Conditions, at the time of conclusion of such agreement in accordance with Section 5 paragraph 9 of the Terms and Conditions, existing contracts are terminated without the need to submit additional declarations of will. In this case the second sentence of paragraph 16 above shall apply.

18. The User has the right to file a complaint related to the operation of the I-SERWIS system or Services supplied via the system in the following forms:

§7. CHANGE OF THE TERMS AND CONDITIONS

1. ACTION reserves the right to change the Terms and Conditions. ACTION shall notify the Counterparty about changes to the Terms and Conditions via I- SERWIS and the Email address he has indicated and shall specify the changes. In the case of amendments to the Terms and Conditions, ACTION shall create a uniform text of the Terms and Conditions, which will be

published in accordance with Section 1 paragraph 4 of the Terms and Conditions. Amendments to the Terms and Conditions do not affect the rights and obligations arising prior to such change.

2. If within 14 days from the date of notification by ACTION about the change of the Terms and Conditions pursuant to paragraph. 1 above, the User does not submit a notice of termination of the contract concluded by the accepting the Terms and Conditions pursuant to Section 6 paragraph 10 above (refusal to accept amendments to the Terms and Conditions), it shall be deemed that the amendments have been accepted and are binding for the Parties from the date on which they are implemented. Using I-SERWIS after amendments to the Terms and Conditions requires accepting its new content.

§8. CONFIDENTIALITY OF INFORMATION

1. The Counterparty agrees to indefinitely maintain secrecy over all commercial and technical information, which he has received or obtained from ACTION in the course of commercial collaboration between the Parties. In particular, the obligation to maintain confidentiality regards the prices of the Goods and Services, at which they are purchased, the financial terms of contracts with the Counterparty, or other benefits associated with cooperation between the Parties and conditions for their granting (hereinafter referred to as Confidential information), unless the Parties agree otherwise in individual arrangements.

2. Confidential information constitutes ACTION's trade secrets, and their disclosure may result in property damage on the part of ACTION, as well as civil and criminal liability of persons committing such disclosure. The Counterparty will bear liability against ACTION for breach of the obligations referred to in paragraph 1 also in the case of disclosure of confidential information by the Counterparty's employees or other persons for which he is responsible.

§9. TRADE INFORMATION AND TRANSFER OF DATA

1. The Counterparty agrees to receive commercial information sent by ACTION through electronic means of communication, i.e. via Email and on the conditions specified in the act on electronic services.

2. The Counterparty may revoke the consent referred to in paragraph 1 at any time in writing or electronically.

3. In the case of transfer of User's personal information, ACTION will act as the collector of the personal data within the meaning of art. 4 item 7 of the GDPR.

4. ACTION can process:

a) personal data of the Counterparty and the User:

I. surname and first names,

II. company name,

III. PESEL number [personal identity no.] or – if this number has not been issued – passport number,

IV. number of ID card or other confirming-identity document,

V. address of permanent residence,

VI. forwarding address, if different from registered address,

VII. data used to verify the electronic signature (if applicable)

VIII. electronic addresses, (including e-mail, electronic communicators, chats, etc. provided for communication by the User),

IX. phone number,

X. NIP number [tax identification no.],

b) data characterizing the use of I-SERWIS:

I. identification markings (in particular the Login, ID no.)

II. markings identifying the termination of the telecommunications network pursuant to Article 2 point 52 of the Act of 16th July 2004 Telecommunications Law (Journal of Law from 2014 item 243)

III. data about the Counterparty's information and communication system, including the type of browser, type and model of terminal equipment and, if unrestricted, the software,

IV. information about the start, end and scope of every use of I-SERWIS, information about the use of electronic services by Counterparty.

5. User's personal data will be processed in order to: perform ACTION's obligations resulting from the cooperation between the Parties, in particular in order to perform the necessary activities related to the conclusion and execution of contracts. The User's personal data may also be processed - with separate consent of the User - to transfer commercial information, perform marketing activities relating to the Goods and Services, their advertising, market research as well as behavior and preferences of the Counterparty regarding the use of such research's findings for improving the quality of Services provided by ACTION, in order to realize potential claims of ACTION towards the Counterparty, and explain the circumstances of unauthorized use of I-SERWIS by the Counterparty.

6. The User's personal data may be shared by ACTION only for the purpose for which the Personal Data was collected or if it results from the legally justified interests of the Administrator or a third party, including the applicable legal regulations.

7. Providing ACTION by the Counterparty, including through Users assigned to his Main Account personal data of entities other than the User being a natural person (in particular personal data of Users acting on behalf of the Counterparty and End Customer transferred during registration to the I-SERWIS and during the performance of cooperation, including data contained in documents provided to ACTION, in accordance with the provisions of the Terms and Conditions), is required only if it is necessary to perform specific activities related to the agreements concluded by the Parties or the performance of the I-SERWIS functionality. In such a case, the personal data administrator is the Counterparty who provides ACTION with the data of its employees and co-workers who act in the name and on behalf of the Counterparty. In such cases, the data shall be processed for the purposes of the legitimate interests pursued by the Controller of Personal Data. The scope of data processing includes:

a) surname and first names,

b) company name,

c) the address of performance,

d) electronic addresses,

e) phone number,

f) NIP number [tax identity no.]

Processing of personal data entrusted by the Counterparty with the data of its customers (end users of services or consumers – the "Counterparty's end customers") may result in making it available to third parties in order to perform contracts concluded between ACTION and the Counterparty (in particular when the contract stipulates that performance by ACTION is to be to the person

designated by the User, and ACTION in the performance of this contract uses third parties). The Counterparty shall ensure that in each such case he has obtained consent from the person from whom the personal data has been taken for processing and he has informed these individuals before collecting their personal data on the rights arising from the art. 6 of GDPR, and will bear all the

legal consequences of breaching of this assurance.

After the performance of obligations arising from the contract between ACTION and the Counterparty using the services provided by external entities for the Counterparty's End Customers, ACTION and service providers are required to remove personal data (such as name, surname, telephone number, e-mail address) of the End Customers after the order has been delivered within 7 days after taking into account the knowledge of issuing the recipient's shipment, however, the delivery address is deleted only after two years from the order.

8. ACTION does not allow the use of I-SERWIS anonymously or under a pseudonym. ACTION applies technical measures to prevent the acquisition and modification of personal data transmitted electronically indicated in Section 4 paragraph 8 of the Terms and Conditions by unauthorized persons. ACTION entrusts the processing of User data within the scope of: surnames and first names, company names, PESEL [personal identity no.] number, or - if the number was not issued – passport number, identity card or other document confirming identity, address of performance, phone number to transport companies specified in the performance of orders.

9. The transfer of personal data by the User is voluntary. However, due to the fact that the processing of such data is necessary for using I-SERWIS, lack of transfer of personal data will prevent the creation of Sub-accounts and permissions for the User and cooperation between Parties under the Terms and Conditions. The Counterparty decides about processing of personal data of his End Customers as he is the collector of personal data, and it is necessary only if the Counterparty selects the option to perform orders for them.

10. By entrusting ACTION with performance of orders of his End Customers, the Counterparty agrees for ACTION to print out invoices and advertising materials. In connection with the activities listed in the previous sentence, the Counterparty is not entitled to any claims against ACTION, even if a document bears a registered trade mark or other marking that personalizes the Counterparty.

§10. CONDITIONS OF COOPERATION, FINANCIAL SETTLEMENTS AND FORMS OF PAYMENT

1. Subject to the provisions of paragraphs 2-3 below, payment for Goods or Services take place at the receipt of the Goods or when ordering the Services.

1a. Payment for Goods and Services shall be made by the c on the basis of VAT invoices issued by ACTION. An invoice issued and sent in electronic form secured with a qualified electronic signature shall meet the requirements specified in art. 106n. sec. 1 of the ACT of 11 March 2004 on the goods and services tax, regarding ensuring the authenticity of the origin and integrity of the invoice content.

1b. The Counterparty agrees to receive invoices from ACTION in electronic form and undertakes to indicate in the main User panel an e-mail address for sending electronic invoices. Entering an e-mail address constitutes the Counterparty's consent to sending electronic invoices. Invoices will be sent in electronic form, in PDF file format.

1c. ACTION shall start sending invoices in electronic form from the day following the receipt of consent to issue and receive invoices in electronic form, in accordance with paragraph 1b above. Information on the day on which the sending of Electronic Invoices shall begin will be sent at the provided e-mail address. The Counterparty's consent to issue and receive Electronic Invoices does not exclude ACTION's right to issue and send invoices in paper form in cases specified by law.

1d. Immediately after ACTION issues an Electronic Invoice, a message will be sent together with the Electronic Invoice to the e-mail address provided by the Counterparty. The sending of the e-mail message together with the attached Electronic Invoice document is considered as the moment of delivery of the Electronic Invoice. At the same time, the Electronic Invoice is additionally available in i-SERWIS. The condition for accessing electronic invoices in i-SERWIS is to have active access to i-SERWIS.

1e. The Counterparty may change the e-mail address dedicated to receiving Electronic Invoices together with the notification of its issuance. The Counterparty is responsible for change of the address and proper notification to ACTION. If the Counterparty fails to notify ACTION of the change of e-mail address, Electronic Invoices are deemed to have been effectively delivered after being

sent to the previously valid e-mail address.

1f. Resignation from receiving electronic invoices must be made in the form of written notice under pain of nullity. The document signed in accordance with the Counterparty's representation must be sent to the following address: ACTION S.A. ul. Dawidowska 10, 05-500 Piaseczno. ACTION ceases issuing and sending Electronic Invoices for the Counterparty from the day following the day on which it verified the received declaration of withdrawal of consent of Electronic Invoices. ACTION ceases issuing and sending Electronic Invoices within 30 days from the date of receipt of the resignation. Information on the date of cessation of issuing and sending invoices in electronic form will be sent to the Counterparty's e-mail address indicated in the form. Re-use of the possibility of Electronic Invoices is possible after expressing renewed declaration.

2. ACTION may give the Counterparty, at his request, a revolving trade credit in the amount and period of deferred payment defined by ACTION. The amount and repayment period of trade credit (hereafter: Credit Limit) will be the maximum value of the Counterparty's debt to ACTION and the maximum period of repayment of such debt (calculated from the date of a VAT invoice) due to the Counterparty's purchase of Goods and/or Services with deferred payment. Terms of granting the Credit Limit: <https://is3.action.pl/account/termsofcooperation#credit>

3. Due to the fact that Credit Limit is granted on the basis of data and documents valid at a specific date, and in addition due to the fact that ACTION insures its receivables and is obliged to respect agreements made with its Insurer regarding the risk associated with Credit Limits, in the event of recognition by ACTION (including in agreement with the Insurer) that the Counterparty does not meet the conditions for using the Credit Limit and Credit Limit in the amount granted so far, ACTION reserves the right to unilaterally change the amount or payment term of the Credit Limit, revoke Credit Limit already granted, as well as it has the right to maintain the amount or repayment period of Credit Limit only on condition that the Counterparty shall provide further securities and documents. Information about changes in the Credit Limit will be available in I-SERWIS and will be sent to the Counterparty's Email address. ACTION is not responsible for the effects of changes or withdrawal of Credit Limit.

4. The Counterparty undertakes to pay for Goods or Services in a timely manner. If the Counterparty fails to fulfil the term of payment indicated on an invoice, ACTION will be entitled to request from the Counterparty to pay for the delay interest at a statutory amount and will charge the Counterparty in interest notes. Interest notes may also be sent to the Counterparty's Email address. If a payment reminder sent to the Counterparty to pay the principal amount together with interest for delay proves to be ineffective, i.e. the Counterparty does not pay his debt, ACTION will be entitled to undertake debt collection activities by itself or through debt collection companies. The costs of collection activities and the costs paid by ACTION to professional debt collection entities will be charged by the Counterparty.

5. Detailed information about payments and terms of granting the Credit Limit are published on ACTION's website at: <https://is3.action.pl/account/termsofcooperation> .

§11. ADDITIONAL PROVISIONS

1. Any rights under this Agreement (including in particular monetary claims against ACTION) may not be:

a) transferred to any third party by the Contractor,

b) deducted by the Contractor from ACTION's claims against the Contractor without the prior consent of ACTION expressed in writing under pain of nullity.

2. The Regulations are subject to Polish law.

3. Any disputes that may arise between the parties under the Regulations and the implementation of activities performed on this basis will be settled by common courts competent for ACTION.

4. In the event that any of the provisions of these Regulations, by virtue of law or final or valid decision of any administrative authority or court, have been declared void or ineffective, the remaining provisions of these Regulations shall remain in full force and effect.

6. In the period from the date of publication of the Regulations to the date of its entry into force, the Contractor may use ISERWIS under the existing conditions. After this deadline, the User will not be able to perform the actions specified in the Regulations through I-SERWIS. This fact does not affect the existence of obligations of the Parties created before that date.
